RUS

Welcome

During July and August, Sarrià University Hall welcomes groups from all over the world, with students of all ages and backgrounds who choose our center for its dynamic and enriching atmosphere, ideal both for studying and for taking part in summer activities in Barcelona.

With over 25 years of experience, we have developed a comprehensive approach to group accommodation, adapting to a wide range of profiles such as sports teams, academies, federations, schools, universities, and training centers from different disciplines. We also host language programs and artistic or musical activities, including conservatories and orchestras, offering personalized solutions for every need.

At RUS, we provide exceptional facilities designed to offer an unmatched experience for our summer groups. Our in-house restaurant ensures varied menus tailored to the needs of each group, while advanced security systems, including 24-hour video surveillance, guarantee a comfortable and safe stay.

The best option for summer groups

Prime location

The residence is surrounded by nature within the Sarrià – Sant Gervasi district, a prime location close to the main universities and prestigious sports centers in the city of Barcelona. The RUS is the ideal option for all types of stays, including sports activities, academic events, conferences, training sessions, competitions, or simply cultural trips.

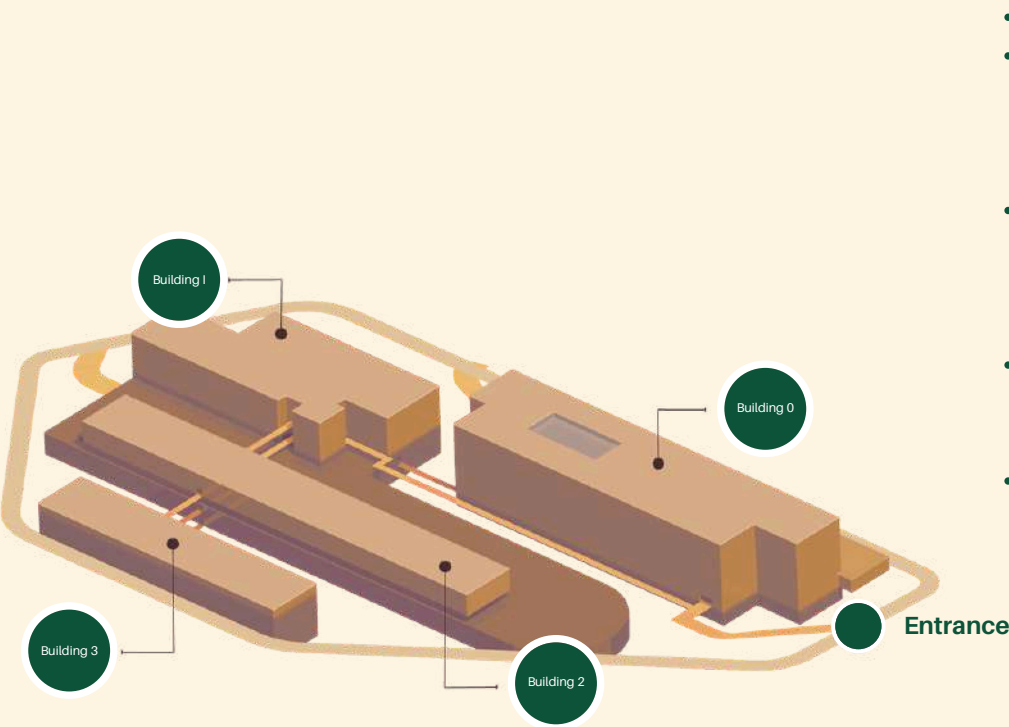

Exceptional facilities

The residence offers exceptional facilities, carefully designed to provide maximum comfort and well-being for our students. With a capacity to accommodate 320 young people, the venue stands out for its modernity and functionality. Among its facilities, residents can enjoy cozy game rooms, fully equipped study classrooms, and spacious green areas ideal for relaxing, socializing, or engaging in outdoor activities. Additionally, we have common spaces that promote coexistence and create an environment conducive to the academic and personal development of each student.

Facilities

Designed with spacious landscaped areas and open spaces, the rooms and common areas are distributed across four buildings connected by gardens. The facilities cater to a wide range of needs, including technical, academic, comfort, and leisure requirements for all types of groups.
